### Homepage

Have you got a great bingo site that you would like to tell us about? Well you've come to the right place! OhMyBingo is one of the UK's most popular bingo portals – we provide in-depth, impartial reviews of top UK bingo sites and our members chip with their opinions using our Player Reviewer. The top 5 [online bingo](#) sites are advertised on the homepage, being the first page visitors see so if you're here, you will really grab their attention. So if you have a great site that will be appealing enough to our readers to be in these top spots, get in touch! OhMyBingo offers its unique Gold Spot, which "is the one that excels in all areas of bingo, bonuses, chat, fun and jackpots". Being top of the homepage and surrounded in gold, your site will receive a tremendous amount of exposure to keen UK bingo players.

Your signup offer is also extremely important on the homepage and if you want an extra boost of traffic we recommend that you offer exclusive deals to OhMyBingo members. With an exclusive deal your site will be highlighted in red and we have found our players respond very favourably to this.

### Bingo Offers

We also provide a "Bingo Offers" page detailing the top 15 sites on OhMyBingo, including the top 5 from the homepage. Being in this list your site will face a good amount of exposure to players. Sites are listed detailing signup offers so a strong signup offer can play heavily in your favour.

### Reviews

OhMyBingo currently review nearly all of the top bingo sites in the UK. Full reviews get you a 120x60 banner attached to the bingo reviews page. Our team of veteran bingo players will play through your site and write a review for the players - particularly detailing promotions, unique aspects and signup offers. The sign up bonus is a key focus to our players and once again we strongly encourage exclusive deals to help you get noticed.

We really have spent a lot of time on getting the layout perfect so that all the information a player is going to want to know about your site is easily accessible. Players can use OhMyBingo's unique slider technology to search for your site based on three important criteria: signup bonus money, first deposit bonus and free bingo games offered.

On top of this your review will also include any TV adverts your bingo site may happen to have as well as a cover-flow for exhibiting screenshots of your bingo site.

### Live Activity

OhMyBingo has the facility to display live game room activity inside your review. If you can provide us with a feed, you'll be sure that we always have the latest information about your game rooms, player numbers and jackpots.

## Free Bingo Game

You can now play free bingo with OhMyBingo.com. We have our very own free bingo game so players can chat and play bingo completely free of charge. Players earn Oh My Points by contributing to the website and they can use these points to play bingo. Winnings are in the form of coins and these can be converted into prizes such as shopping vouchers or chocolate hampers. If you think our free bingo players would be interested in your site, we have various advertising opportunities from in game sponsorship to emails. Please contact us for more information.
